Welcome Message

We are delighted to welcome you to The 10th International Pediatric Conference organized by KidsHeart Medical Center In-Affiliation-With New York Presbyterian Kids/Morgan Stanley Children's Hospital, and Columbia University Medical Center.

Over the course of three days, renowned speakers from Columbia University Medical Center and, will join fifty nine expert speakers from Europe, the UAE, and the region, to collaborate and discuss case simulations in general and pediatric and pediatric subspecialties. 'Case Scenarios in Pediatrics', the theme of the conference, will deliver twenty interactive lectures, and thirty six courses and workshops in twenty pediatric specialties.

The Conference will highlight the mission and tradition of KidsHeart Medical Center, a pillar in pediatric specialty care in the UAE. Through its branches in Abu Dhabi and Dubai, and with the support of its sister facility The Heart Medical Center, in Al Ain, we aim to deliver a high quality of care to our patients.

We are particularly proud to collaborate, for the ninth year, with our affiliate hospital New York Presbyterian Kids/Morgan Stanley Children's Hospital, as well as with Columbia University College of Medicine and Surgeons, one of the oldest and most-prestigious medical schools in the world. Through its hospitals in New York, and its joint programs with KidsHeart Medical Center, Columbia aims to bring its exceptional medical care, education, and research to the UAE.

Welcome to The 10th International Pediatric Conference, held in the beautiful city of Dubai. We hope to build bridges for collaboration and sharing of knowledge. With your active participation, we are confident the conference will be rich and successful.
